

Research Participants Needed

Are you a female, between the ages of 12 and 18 years old and who has never had a mental health diagnosis?

Do you want to make your volunteer time pass faster and contribute to important research in the mental health field?

If so, we invite you to participate in our research study!

You'll only be asked to look at some pictures (scenery and people) on the computer and complete some questionnaires about eating and some demographic information. You **MAY** be asked to participate on an empty stomach.

For more information contact: Raluca at 905.430.4055 ext. 6536 or via email at morariur@ontarioshores.ca

Study site: Ontario Shores Centre for Mental Health Sciences in Whitby.
