

Human Rights Statement

Ontario Shores Centre for Mental Health Sciences embraces diversity and strives to create an environment that protects the human rights of all individuals.

We endeavour to create an environment that promotes inclusiveness, equal opportunity and equity of access. We do so through our commitment to the principles of recovery, acceptance, inclusion, independence, dignity, and integration, and apply these principles when we engage with employees, patients, families, visitors and affiliates (volunteers, contractors, students, medical interns, and residents).
