

Quick Tips: Health Record Tab

Clicking on the Health Record Tab allows you to view your personal health information.

Navigate through the different menus on the right side to view more information.

Allergies & Conditions: This will list any allergies and adverse reactions and any medical conditions

Results: This will display lab results (Only if your lab was taken at Ontario Shores). Lab results such as drug screening and pregnancy tests will not be displayed

Medications: This will display your home medications.

Reports: This will list any reports that were documented by your physician, Social Worker or Psychologist. Daily notes will not be displayed

Preventative Care: This will list your immunization history

Visit History: This will list all visits that you have had with Ontario Shores

Print: Prints a screen shot of the information on the screen
